

2023

Oncology Nursing Foundation Annual Review

 ONCOLOGY NURSING
FOUNDATION

Dear Esteemed Supporters and Partners,

I am thrilled to share with you the remarkable achievements of the Oncology Nursing Foundation throughout the year 2023. As an organization dedicated to advancing oncology nursing excellence, we have made significant strides in fulfilling our mission, thanks to your unwavering support and commitment.

Since its inception in 1981, the Oncology Nursing Foundation has been steadfast in its dedication to supporting cancer nursing excellence. With over \$32 million awarded to date, we have continually strived to empower oncology nurses and enhance the quality of cancer care worldwide. In 2023, the incredible generosity of our supporters enabled us to provide over \$818,000 in funding.

We are proud to announce several key accomplishments that highlight our ongoing efforts:

- **Academic Scholarships:** We awarded a total of **\$528,000 in academic scholarships** to deserving individuals pursuing education and training in oncology nursing. These scholarships serve as a catalyst for the next generation of cancer care leaders, fostering innovation and excellence in the field.
- **Research Grants:** Recognizing the importance of advancing scientific knowledge in oncology nursing, we **allocated \$100,000 towards research grants**. The recipients were:
 - o Claire Han, PhD, DNP, RN, ARNP
Project: "Chemo-Belly Project: Defining Biosocial Mechanistic Drivers of Chemotherapy-Induced GI Toxicity Among Colon Cancer Patients: Focus on Fecal Microbiome Profiles and SDOH"
 - o Sumin Park, PhD, RN
Project: "The Impact of Multi-Level Social Determinants on Health Outcomes for Lung Cancer Patients and Their Family Caregivers During the Transition from Cancer Treatment"
- **Conference Scholarships:** We provided **\$176,595** in scholarships to enable oncology nurses to attend conferences and professional development events. These opportunities not only facilitate knowledge exchange and networking but also empower nurses to stay abreast of the latest advancements in oncology care.
- **Career Development Awards:** A total of **\$14,295 was allocated** for career development awards, empowering oncology nurses to pursue continuing education, professional certifications, and leadership training. By investing in their growth and development, we aim to cultivate a skilled and resilient workforce capable of tackling the evolving complexities of cancer care.
- **Imagining the Possibilities Campaign:** The Foundation has **launched an \$8 million campaign to continue our commitment to oncology nurses now and in the future**. The campaign will help build the Sustaining Impact Fund, a vital source of flexible funds to react in real-time to the pressing needs of oncology nurses. It will also support the newly established Connie Henke Yarbro Oncology Nursing History Center to honor the contributions of oncology nurses to cancer care and healthcare.

Behind each of these accomplishments lies the dedication and commitment of our volunteers. With the support of more than 100 volunteers who generously contributed their time and expertise, we were able to review scientific grant applications, evaluate scholarship candidates, and ensure the equitable distribution of resources.

[continue >](#)

Furthermore, in our commitment to nurturing the next generation of nurse scientists, we organized a research-intensive virtual workshop tailored for early-career researchers. This workshop provided invaluable guidance and mentorship, helping participants refine their research proposals and navigate the intricacies of scientific review processes.

As we reflect on the achievements of 2023, we are reminded of the profound impact that collaboration, dedication, and innovation can have on advancing oncology nursing excellence. None of this would have been possible without the continued support of our donors, partners, volunteers, and stakeholders. Your generosity fuels our mission and inspires us to reach even greater heights in the years to come. Be on the lookout for more information regarding the Imagining the Possibilities campaign, ways you might like to be involved, or please reach out directly and I'd be happy to share more.

In closing, I extend my heartfelt gratitude to each and every one of you for your unwavering support of the Oncology Nursing Foundation. Together, we will continue to make a difference in the lives of patients with cancer and their families, ensuring that they receive the highest quality of care and support throughout their journey.

With sincere appreciation,

Angie Stengel, MS, CAE • Executive Director
Oncology Nursing Foundation

This scholarship has provided invaluable financial support to further my education and pursue advanced degrees in oncology nursing. This will allow me to enrich my professional growth and directly benefit the patients I care for. Acknowledging my potential and dedication by the Oncology Nursing Foundation has boosted my confidence and reassured me that I am on the right path. I am excited to pay it forward and contribute to advancing oncology nursing through research, education, and compassionate care.

Rebecca Hoover, RN, BSN • Chapel Hill, NC
2023 Academic Scholarship Recipient

My journey as a nurse has been full of learning and discovery about the career and myself. Today I am blessed to work as an oncology nurse, which has been one of the greatest honors of my life. Receiving a Conference Scholarship through the Oncology Nursing Foundation will provide me with the opportunity to attend ONS Congress®, learn more about oncology nursing, and bring what I have learned back to my organization.

Nicole Keeler, RN, BSN • Wyoming, MI
2023 ONS Congress® Scholarship Recipient

A leadership scholarship from the Oncology Nursing Foundation will help my career and professional goals by being able to obtain the skills needed to not only move into a leadership position, but to be successful in it. I would not be able to attend this leadership workshop without the help of the Oncology Nursing Foundation. Thank you for helping me to move closer to my career goal!

Heather Zyzys, BSN, RN, OCN® • Egg Harbor Township, NJ
2023 Leadership Scholarship Recipient

THANK YOU
For Your Support!

DEIC Commitment Statement

The Oncology Nursing Society (ONS), Oncology Nursing Foundation, and Oncology Nursing Certification Corporation (ONCC) are committed to advancing oncology nurses to deliver quality and equitable care to patients with cancer.

We know that diversity, equity, inclusion, and connection (DEIC) are critical to our efforts in supporting those who provide care for diverse patient populations.

Diversity

means all the ways that individuals differ from one another, which includes race, ethnicity, and gender as well as age, differing abilities, military service, sexual orientation, gender identity, religion and beliefs, background, experience, and education.

Equity

creates fair treatment and access by establishing and upholding policies and processes that remove and prevent the formation of barriers for all stakeholders who engage with ONS, ONF and ONCC.

Inclusion

fosters an environment where all stakeholders are able to participate fully and have a sense of belonging because they feel welcomed, respected, and valued.

Connection

Fosters dynamic relationships with diverse stakeholders of mutual understanding, trust, and rapport to enhance individual and collective success in the organization, oncology care, and the oncology nursing profession.
