

Oncology Nursing Foundation Research Grants
Research Grant Progress Report Form

Completed reports should be emailed to the Foundation at grants@onfgivesback.org for approval.

This report is required if the annual report materials submitted are not approved by the Foundation or do not provide adequate evidence to support that the study is progressing as expected. Funding will be withheld until this report is received and approved by Oncology Nursing Foundation leadership.

Name of Principal Investigator (PI):

Grant Award Category:

Sponsored By:

Project Title:

Date of Award:

ORIGINAL SPECIFIC AIMS (FROM FULL PROPOSAL) –

Please list the specific aims of the research study as stated originally in the full proposal approved for funding.

REFLECTION –

1. What obstacles, if any, have impacted the progression of your study in the first year?

2. How has your timeline, sample size, and/or specific aims (originally stated in the full proposal) shifted at all during the first year of your study? How, and why?

PROGRESS REPORT/REVISION PLAN –

1. What specific tactics do you plan to incorporate into the study to get back on track?

2. Please outline the expectations for the next 12 months of the study. Briefly address **each** of the section headings below. Include any of the obstacles or study changes that have been mentioned above in your previous answers and how you plan to solve those challenges.
 - a. Timeline
 - b. Participants
 - c. Changes
 - d. Impact
 - e. Budget
 - f. Outcomes

SUPPORTING DOCUMENTS –

Please include any supporting documents that are relevant when submitting this form. Please submit supporting documents in either Microsoft Word or PDF format. You may be contacted by the Foundation after this report is submitted with further questions, if necessary.
